MOPS

WET MOPS

This synthetic blend mop is designed to hold more water than traditional mops.

Highly concentrated with antimicrobial fibers for resistance to mold, bacteria, and mildew and they dry in half the time of a cotton mop.

MICROFIBER WET MOP

These microfiber mops are lint, mildew and bacteria resistant. Light-weight and fast-drying for better cleaning power.

Available in 5"x18" with tubular handle

PREMIUM DUST MOPS

These premium mops attract and hold more dust than a traditional dust mop. Extra padding helps create complete surface contact.

Sizes Available:

- 18", 24", 36" & 48"

Why Use a Linen Rental Service?

With a customized Healthcare Linen Rental Program, you get high quality medical products, hygienic laundering, garment maintenance, and regular pickup and delivery on a convenient, dependable schedule.

How the Service Works:

▶ **No Upfront Investment**

We purchase the products you want and rent them to you. There's no initial investment, just a small weekly cost that you can budget for.

▶ **Pickup & Delivery to You**

We pickup your dirty products and deliver back clean products on your schedule. All products are inspected for quality.

▶ **Flexible Programs Designed To Change With Your Business**

We know your business is unique. You can customize your program and change it, anytime.

▶ **Great Service, Every Day**

We're not a big national chain that's only interested in making money. Our customers are our priority. Being a family business means we care more.
