Garment Sizing: Measuring Guide

To ensure the best and optimal comfort, it is very important to take garment measurements properly. **It is always best to have someone else take the measurements for you during your sizing session.**

Always wear thin, lightweight clothing and shoes that will be typically worn with the uniform to your sizing session. Balfurd always provides pre-laundered garments to ensure accuracy. If you feel that you are between sizes, order the larger of the two for a more comfortable fit.
